1. General Introduction

Contributed papers are limited to 6 pages including all figures and tables. Invited papers have an 8 pages limit. Each manuscript typically contains the following sections: Title, Authors name (No academic position is required.) Address in details (Give phone and Fax. Numbers, if available.), Abstract, Text, Acknowledgment (If preferred), References.

2. Style and format

2.1 General

Manuscripts are typed single space except for headings. Font type should mimic Angsana New #10 (shown here). Right hand justification is recommended.

Type your manuscripts on A4 (21 cm x 29.7 cm) sheets. The sheet should be divided into a two-column width of 81 mm with a space between columns of 6 mm (a total width of 108 mm). This permits side margin of 21 mm each. The top and bottom margins should be 20 mm.

2.2 Title Block

The title should appear in upper and lower case without underlining, centered across both columns. Type the author’s name and affiliation also in upper and lower case letters centered under the title. In case of multi-authorship, group the authors and identify each author by superscript numbers corresponding to the organization which should be grouped below authors.

2.3 Headings and Subheadings

Heading and subheadings are in upper and lower case bold letter without underlining, if available. They should appear with sequential numbers, left-hand justified in the column.

2.4 Equations

Equations are to be numbered consecutively throughout the text. The equation number should be placed in parenthesis and flushed with the right-hand margin of the column. Italic alphabets are recommended for equation parameters.

\[ a + b = c \] \hspace{1cm} (1)

Leave a blank line before and after equations. A long equation should appear across the columns by interrupting the opposite column with column-termination and column-initiation bars.

3. References

References are to be listed and numbered at the end of the papers. Refer to them in the text as [1].

4. Illustrations

Figures, tables and line drawings should be positioned within the text. They may conform to either a one-column or two-column width and must be black ink or high contrast black-and-white reproductions. They must include captions.
